

The Trip to the Orthopaedics and Rehabilitation hospital „GÓRKA” in Busko-Zdrój

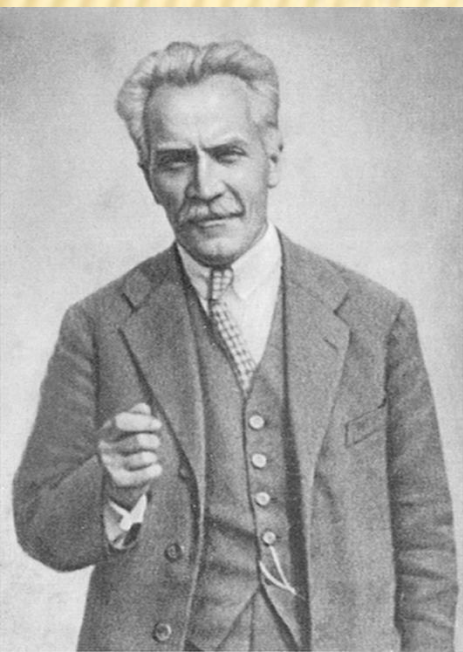

On 3rd October 2014 we went to the Orthopaedics and Rehabilitation hospital „GÓRKA” within the project. At the beginning we listened to stories about the history of the hospital and learned many interesting things about this place. We saw the inside of the hospital in the Balneological branch. At the end we took a photo and together with the teachers we went to the tomb of founder the hospital, Dr. Szymon Starkiewicz.

PAST

The founder of „GÓRKA” was doctor Szymon Starkiewicz. He was born in 1877 in Warsaw. He was 85 years old when he died in 1962 in Busko-Zdrój.
